firmanaamri@gmail.com | +6282136162717 | https://firmanaamri.vercel.app/ | https://www.linkedin.com/in/firmanaamri/
Pemalang Regency, Central Java

A fresh graduate in Computer Science dedicated to designing and developing functional software systems. Armed with experience from application development and system testing projects during college, I am accustomed to working both independently and in a team. I am communicative, adaptable, and ready to provide efficient technological solutions to address challenges in the professional workplace.

WORK EXPERIENCE

Ministry of Religious Affairs, Surakarta

Web Developer Intern | Apr 2025 - Jun 2025

Completed an internship at the Ministry of Religious Affairs (Kemenag) as a web developer, with the primary achievement of building a digital letter archiving application to improve the efficiency of administrative document management using the Laravel framework and MySQL in the development process.
